

MEMBERSHIP HAS ITS BENEFITS

CREW Northern Virginia is an organization of real estate professionals chartered to promote professional ethics and integrity, education and career advancement, and networking to develop business opportunities.

The Northern Virginia chapter was founded in 1986. Our diverse membership includes women and men in the fields of appraisal, architecture, asset management, brokerage, construction, engineering, corporate real estate, development, facilities management, finance, government, insurance, interior design, law, leasing, marketing, and property management, among others.

CREW Northern Virginia is affiliated with the CREW Network, a national organization of real estate professionals founded in 1988.

Among the benefits that CREW membership affords its members are:

Networking Opportunities Networking is the heart of the organization, and opportunities abound at the local, regional, and national levels to meet colleagues from all aspects of commercial real estate.

Monthly Programs feature prominent speakers on timely industry topics.

Educational Seminars and Workshops that enhance members' professional growth are hosted various times throughout the year.

Quarterly Newsletters Local and national newsletters publicize the accomplishments of members and include industry related articles.

Career Connection A job bank listing available to members on the Web provides listings of commercial real estate positions across the United States.

Annual Convention and Seminars Attendance at these events increases each year as members and other real estate professionals discover personal benefits and potential business that can be achieved through participation.

Volume Discounts are available on professional business services through affinity programs for members only.

Website Our website provides members electronic access to member directories, national career opportunities, newsletters, membership information, meetings, and events.
